50,000 copies of *Hope for Troubled Times* have been printed.

On May 15, for the first time in recent history, every conference within Australian and New Zealand will unite in this exciting global mission to share *Hope For Troubled Times*, written by Mark Finley. The book was written with the COVID-19 pandemic and its aftermath in mind, concentrating on providing spiritual answers to people's questions about the future.

**Join the movement to share the hope of
Jesus' soon return with the community.**
